Special Issue on Recent Advances in Flotation Process

Call For Papers

A new Special Issue *Recent Advances in Flotation Process* (http://ijmpem.org/sinfo/371001) has been launched in *International Journal of Mineral Processing and Extractive Metallurgy* (http://www.ijmpem.org). This Special Issue intends to collect research achievements concerning Flotation Process. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

**Lead Guest Editor**

Lead Guest Editor: Fardis Nakhaei
Affiliation: Department of Mining Engineering and Metallurgy, Amirkabir University, Tehran, Iran

**Paper Submission**

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via http://www.ijmpem.org/submission

**Topics of Interest Include (but not limited to):**

- Minerals flotation (sulfide oxides, silicates, sparingly soluble minerals, iron minerals, rare earth minerals, etc.)
- Surface chemistry
- Bioflotation
- Control and modeling
- Mineral chemistry (surface reactivity, surface broken bonds, surface energy, wettability, surface hydration, surface charge, etc.)
- Flotation kinetics
- Environmental issues
- Optimization
- Reagents (collectors, depressants, dispersants, etc.)
- Mineral/reagent interaction
- Fine particles

**Important Dates**

Submission Deadline: Nov. 25, 2019
Publication Deadline: Jan. 25, 2020

**Join as Guest Editor**

For scholars who have intention to join the special issue as guest editor, please check out the link below:
