Special Issue on Efficient Conversion and Utilization of Coal

Call For Papers

A new Special Issue Efficient Conversion and Utilization of Coal (http://www.ijmpem.org/sinfo/371002) has been launched in International Journal of Mineral Processing and Extractive Metallurgy (http://www.ijmpem.org). This Special Issue intends to collect research achievements concerning Coal Engineering. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Qili Wang
Affiliation: China University of Mining and Technology, Xuzhou, China

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via http://www.ijmpem.org/submission

Topics of Interest Include (but not limited to):
- Green coal processing
- Coal clean conversion
- Coal based materials
- Coal clean application
- Efficient utilization of coal
- High value-added coal products

Important Dates

Submission Deadline: Dec. 10, 2019
Publication Deadline: Feb. 10, 2020

Join as Guest Editor
